

PORTERS SKI DAY 2022

When you get to Porters:

- At the carpark, please **stay on the bus** until you receive instructions from the instructors (who will greet us).
- Get a quick drink and a snack. **Put on sunscreen.** Take **goggles / glasses/gloves/hat** and go to Ski Hire via the toilets. Line up quietly.
- The ground in the carpark may be slippery – **take care.**
- Give the attendant your shoe size and try on one boot (do not put on the other one yet).
- Move to ski/board hire area. Give your weight and other boot to the attendant. They will provide you with skis or a snowboard.
- Move to a seat and put on your other boot. An adult will be there helping you. Tie your shoe laces together and put your shoes in a box labelled with your bus number. These will then be stored in the bus until the end of the day (*Remember the number on your skis or snowboard*). Get a pair of poles if you want them.
- Make your way to the exit where you will give an adult your ski/snowboard number.
- Outside, you will be put into groups for your lesson.
- At lunch time (after your lesson) make sure you remember where you leave your skis/poles/snowboard. Have lunch at bus (you may NOT eat your own food in the café).
- The adults will be at the bus or outside during the lunch hour to check how you are enjoying your experience
- After lunch – at the bus or on the deck - enjoy the afternoon in the area your instructor said was appropriate for your abilities.
- A teacher or a CSKI parent will be at the base and will be able to help you if needed. They will be in the cafeteria/picnic area during the day. They have a first aid kit.
- When you ski or snowboard in the afternoon, you **MUST** remain with a buddy and within view of a member of staff or CSKI parent. Do not split up. Adults will be spread out over the ski area. Check with one of them **before** you move to a new area.
- **All finished and off the slopes by 3pm.**
- **Remember**, you must be back at the bus at **3.30pm** having returned your skis, boots, poles, helmet and snowboards. Go to the toilet, have a snack and a drink.
- Feel free to sleep on the way home - as long as you don't snore!!

We hope you all have a great day!

*Remember the South Way - say **thank you** to the ski instructors, parent helpers and the bus driver at the end of the day!*
