## Newsletter (Panui)

---

Dear Parents and Caregivers

Kia ora koutou

Incredibly this is the final newsletter of the year. Life at South continues at a furious pace right up to the last day!

I am very appreciative of the dedication, time and vigour put in to their professional roles by our whole staff team. I have no doubt that you would like to join me in thanking each of them for their work this year.

Our Major Production "Time Lord" was a terrific success. Congratulations to all the students, staff and parents who had a part to play in ensuring each show was well received and that the experience was a hugely rewarding one for everyone involved.

Many students represented the school recently at the Summer Sports Tournament playing tennis, golf, touch rugby, cricket, volleyball and softball. The results were excellent and student participation and sportsmanship outstanding.

Our Year 8 students enjoyed a well-attended Leavers' Dance this week – another highlight of a student's time at South.

As occurs every year in large schools there are some changes of staff. Helen Adams has resigned from her permanent full time position. She started her teaching career at South in 2001. In the

16 years she has had a significant positive impact on the lives and educations of many students. Helen has always been versatile and adaptive as seen in her willingness to take on a range of different roles over the years such as leading our mathematics team, teaching as a Science specialist, supporting students who struggle and extending those who excel and her close and supportive work with the PTA. We are pleased that she will continue to work around the school in a part time capacity filling a variety of roles.

Christine Murphy started teaching at South in 2008 (9 years ago). She has been a homeroom teacher and a specialist teacher in that time and has led both homeroom and specialist teams of teachers. She took a year's study leave during 2015 to complete her Masters. Christine and her partner and daughter will be moving to the UK early next year to be closer to family. We are very sorry to see Christine go but we wish her well knowing that she has the skills and drive to be successful wherever her life takes her.

Brett Morell has only been with us for this year however he has won a permanent teaching position at Parkview School. He is looking forward to the challenge and opportunity to teach slightly younger students next year.

Jude Griffiths has been a teacher aide at South for the last 3 years. She has decided to continue her university studies and complete a Masters in counselling. We are sure she will be an excellent counsellor as she is an excellent listener. We wish her well with her studies and look forward to possibly seeing her back around our school in a different capacity in the future.

Earlier this term we received sad news of the passing of Lynley Bell. Lynley had been a teacher and teacher librarian at South for many years. Following her retirement she kept in contact with many staff from South. Her contribution to our school was huge. Her 29 year association with our school as a member of staff didn't end with her retirement. She found time to be a valued member of our Jubilee Committee in 2014. Her terrific knowledge of literature and her desire to maintain high standards and expectations of herself, other

staff and students is a legacy that is still talked about and aspired to by staff who knew her.

We have appointed some well-qualified staff and look forward to working with them, and the many staff members who are remaining, in 2017.

All students took their final report home on Monday. I trust you find them a useful summary of your child's achievements this year and a helpful starting point for setting future goals.

This year our PTA have been a small but very dedicated team. They have had fun supporting the school in a variety of ways. We want to express our sincere thanks to them for their efforts this year. This week they presented the school with a cheque for \$15,000 that will pay for a laser cutter for the students to use in the technology rooms to help bring their design work to life.

As this is our last newsletter for the year I would like to thank you all for your support. A special thank you to those families who are about to end their association with our school. We look forward to hearing of the future successes of the students who have been through our school.

Please note that school finishes for the year immediately following the final assembly at approximately 12.00 noon on Friday.

I wish you all a very happy Christmas and restful holiday season.

Ngā mihi nui

# Congratulations

To **Harrison Craythorne** who completed his black belt grading on Saturday. After 3.5 hours of hard work he has qualified as a black belt. Well done Harrison a great reward for those months of hard work and extra trainings.

## **Open Garden**

On Sunday afternoon the Garden Club students welcomed friends, family, and neighbours, colleagues from other schools, to our garden. This was a wonderful chance to show everyone what we had achieved this year. Our ambassadors welcomed the visitors and then escorted them around the

garden, pointing out the various areas, the vegetable beds, the orchards, the perennial bed, the stump garden and the native plant beds. We had a small sales table, selling items made from garden produce. The elderflower cordial, lemon honey and tomato relish almost flew out the garden. The weather was perfect, the music added to the ambience and the balloons marked the path. We want to thank our great team of helpers who made this event so successful, Vikki Skene from the PTA, school staff-Wendy Lynch, Mair our Canteen manager, Rod McLeod our caretaker, friends of

the school, Nicky Ryan Yates and Emily van Montfort. We hope that this will become an annual event

## **Summer Tournament 2016**

1st place: Girls touch team

Summer Tournament was held on Tuesday 6<sup>th</sup> December at a number of venues this year with South competing in all the events offered. It was a hot summer's day and all the competitors had to make sure they were hydrated. We entered 2

touch teams, 4 tennis teams, 1 mixed softball team, 2 golf teams, 2 volleyball teams and two cricket teams so in total 85 students competed. Everyone gave it their all and we came away with a number of pleasing results. Well done to everyone and thank you to those parents who provided transport and helped coach a number of teams. Without you a successful event like this wouldn't happen.

## **School For Young Writers Success**

A group of South students working with well known author, James Norcliffe earlier this year.

Following four very successful writers workshops held at South this year, The School for Young

Writers would like to congratulate the following pupils who have had pieces selected for publication in the next edition of Write On magazine.

*Jack Gunn (2 pieces), Trelise Harrison (2 pieces) and Georgia Fitzpatrick (1 piece).* These three, and the following students, also contributed to collaborative poems that have also been included in the magazine: *Amelia Cochrane, Max Gerling, Lucy Mayers, Lucas Puha, Phoebe Burns, and Annabel Morrison.*

The Summer edition of Write On magazine will be launched on Saturday December 17<sup>th</sup>.

## **Well done, team!**

Some of our hard working garden club members with our awards, Alex, Cameron, Jeremy, Aodhan, Diego, Shiann, George.

Each year South enters the School Environmental Enhancement Programme, run by Keep Christchurch

Beautiful. We have to set our environment goals and we are judged on three separate occasions as to how well we achieve these. Last week a group of us attended the awards ceremony at Isleworth School where we were presented with a caretaker's award for the great work Rod McLeod does in keeping our grounds tidy, a gardener's award for the wonderful work Emily van Montfort is doing to maintain the garden beds around the school, and a Highly Commended award for the recycling efforts in our produce garden by the garden club members. Our re-purposed beds, chair and desk frames, fencing made from pallets, worm farm, compost, stump garden, and mulch all earned us this great recognition. Well done to all who worked so hard during the year.

### **Inter School Athletics Results – 22 November**

A team of 61 students and 3 staff headed down to Ashburton to compete in the Inter-school Athletics meet on Tuesday 22<sup>nd</sup> November. It was a hot day which made it hard at times for the competitors. Every student gave it their all and we came away with a number of outstanding results. Thanks to the parents who supported the students at the event. It was much appreciated.
