

Copy of email sent home to parents and caregivers 22 June 2021

Dear Parents and Caregivers,

CDHB Gastroenteritis Illness Information

We have been advised by the Canterbury District Health Board (CDHB) of an increase in the number of gastrointestinal illness cases in schools and early childhood education centres recently.

With the increased possibility of children developing symptoms, the CDHB would like to remind you that those who develop vomiting and/or diarrhoea should not attend school and should only return once they have been symptom free for 48 hours.

Please see the attached viral gastroenteritis fact sheet for some helpful information.

Please do not hesitate to contact the school if you have any questions or concerns.

Ngā mihi,
Christchurch South Karamata Intermediate
